

UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA

UNITED STATES OF AMERICA,

Plaintiff,

No. CR 13-633 PJH

v.

**ORDER ON REQUESTS TO FILE UNDER  
SEAL AND TO UNSEAL**

CRISTIAN QUINTERO FELIX,

Defendant.

The government has requested that the April 23, 2014, ex parte declaration of Angela Hansen, filed under seal in support of defendant's motion to confirm identity of informant and to disclose *Brady* information, be unsealed. Defendant opposes the request to unseal, and given that the informant has testified, the court sees no basis for unsealing the declaration now. The request to unseal the Hansen Declaration is therefore DENIED. However, if this matter is appealed, the court will reconsider a request to unseal this part of the record.

The government further asks that defendant's brief in support of his request for complete government production of exculpatory information on informant be filed under seal, based on concerns about the informant's safety in light of the discussion of the informant's work with law enforcement contained therein. Having reviewed the filing, and for good cause shown, the court ORDERS that defendant's request for production of exculpatory information on informant, doc. no. 168, be FILED UNDER SEAL.

**IT IS SO ORDERED.**

Dated: November 13, 2014
